Dear Auntie Shirley and Uncle Mickey,

Enclosed will be some pictures of my stereo set. I finally got around to sending them, at least. (They are sort of weird because my friend took them and developed them ~~himself~~. He hasn't got the technique perfected yet, apparently.) In the big one, on the top left, is the oscilloscope Uncle Ted gave me. You can just barely see the edge of it.

Thanks muchly for the Hanukkah money. I will put it to good use.
Love, Dan.
